Subject: July 12 BOS meeting

Hi Lynn,

We met in April when our group made a presentation to you regarding an Adelaida Vacation Rental ordinance. You saw how our small area is different than your district and said that you want to be part of the solution in our neck of the woods. At that time you agreed it's a District 1 problem, we need a District 1 solution. The Adelaide merits the carveout based on the concentration of wineries and events in our area, and it's extended emergency response time and extreme fire risk.

Regulating vacation rentals in the Adelaide is a good and necessary thing. The Wine Country Alliance supports an ordinance because vacation rentals currently compete with their member wineries for weddings without having to pay for the necessary safety infrastructure. In addition, the June court decision requiring an EIR for the Pasolivo event center throws a wrench in any ability to determine impacts if vacation rentals can have an unlimited amount of weddings.

At the end of our meeting you said you supported area specific solutions. I am hopeful you still feel that way and that we can count on your vote to move forward the process of carving the Adelaide out on Tuesday. Thank you Lynn. Best, Diane Burkhart
